

FAMPO Citizen Advisory Committee

You are invited to be an integral part of the local transportation planning process. The Citizen Advisory Committee (CAC) of the Fayetteville Area Metropolitan Planning Organization (FAMPO) seeks to expand involvement opportunities for citizens and community organizations that have an active interest in local transportation issues.

The CAC is comprised of volunteers representing a broad segment of the community, including underserved populations, such as low-income, minorities, the elderly and disabled. The principal goal of the CAC is to foster and develop citizens' awareness of transportation policies and planning. During quarterly meetings, the CAC reviews transportation projects and provides recommendations to FAMPO's Transportation Policy Board.

Please take this opportunity to express your interest in the Citizen Advisory Committee participation by completing the attached registration form and returning it to the FAMPO office by one of the following methods:
